

Got Wire?

Let the Strip-Tec Model 1500 Wire Stripper help you recover the copper/aluminum from your wire for cold hard cash.

Strip-Tec's Model 1500 is easy to operate, fast, and efficient. One simple adjustment is all it takes.

Proudly manufactured in the U.S.A.

Model 1500 Strip-Tec Wire Stripper

Ideal for Scrap Processing Yards, Demolition Companies, and Wire Manufacturing Plants.

**Motor: 1 1/2 HP, 110 Volt
Single Phase**

**Production: 50 Feet per minute
Capacity: 1/8 to 1-1/2 inch OD wire**

**Machine Length: 46 inches
Machine Width: 18 inches
Machine Height: 37 inches**

Warranty: 1 Year

Little to no adjusting is needed. Simply raise or lower top blade with handwheels for different insulation thicknesses.

Blades are machined from a solid alloy steel shaft and heat treated to last for years.

GEAR driven, No More belts to replace, no more slipping off.

Self Feeding, just insert wire and it comes out the other side.

Strip any length of wire.

All parts are manufactured at our Fort Worth, TX Facility.
