

K-PAC

PLUM CREEK ENVIRONMENTAL

K-PAC Viper Vertical Compactors are built where space is limited or where roll-off service is not available. Viper Vertical Compactors can handle wet or dry waste and have a similar footprint to a commercial dumpster.

STANDARD FEATURES:

- Adaptable for front, side, or rear-feed applications
- Adjustable to accommodate 4, 6, or 8 cubic-yard containers
- K-PAC VIPER container lock system automatically holds the container in place
- Driver light to indicate when the container is safe for the driver to remove it
- Full container light
- Magnetic interlock prevents operation if the door is open

OPTIONAL FEATURES:

- Single phase power unit
- Chute extension
- Loading platform with handrail
- Through the wall installation
- Oil heater
- Automatic odor suppression system
